S/N	CRITERION	EXPLANATION	REMARKS
1.	Plot	This is an interrelated sequence of the scenes as they unfold from the first setting. Here, we judged the skits based on the setting and sequential unfolding of scenes for rational comprehension.	6 of the top 10 gave good plots
2.	Theme	This is the big idea explored in the skit. We evaluated the relevance of the thematic structure of each skit to the central Title; DEAD.	All 10 presented relevant themes
3.	Acting	The acting skills of especially the lead actors are most vital to the effective communication of the theme. Therefore, we evaluated the degree of the Acting talent of the lead actors.	Redeemer's Sch Lead actor most exceptional
4.	Cinematography	This is the art of motion picture production. It includes all the visible visuals in the scenes such as the Cameras used, Lights, the Wardrobe [Costume], the Props, Set, Make Up, etc. Under this criterion, we evaluated the impacts cum quality of the above listed essentials in each skit.	Redeemers' Sch & Panda most impressive.
5.	Editing	This is simply the joining together of all scenes and other post production details added such as the graphics and color correction. We evaluated the skits' clean cuts and graphics.	Evergreen Sch & Panda on top
6.	Dialogue	Dialogue is a key component if the theme must be adequately understood. Therefore we evaluated the strength & audibility of dialogues in each skit.	Deril Academy was fantastic
7.	Directing	This includes camera angles, movements, tags, and other set pieces that show the depth of the video or skit director. We paid attention to all such necessities as mentioned.	Panda's director got the Ace.
8.	Soundtrack	The mood music to complement each scene or action. We listened to every music played and evaluated the relevance of each background music to story of the theme. Few skits such as the skits from GSS Kurudu and SACWOOD were presented as Pantomime [No dialogues]. So the mood music/soundtracks played a great role in making up for the unspoken words.	GSS Kurudu gave a wonderful mood music to their Pantomime
9.	Creativity	Extra set beautiful additional pieces employed to further tell the story. Most of them score low here	On the average
10.	Delivery	This is perhaps the most important criterion. It shows how effectively the theme is communicated using all production indices to communicate easy deciphering of the theme by the audience/viewers. So we evaluated if each skit delivered the theme well or not.	Deril Academy delivered total understanding
